

# Power System Economics and Market Modeling with PowerWorld Simulator

Presented by PowerWorld Corporation  
Delivered via web conference – All times are Central US  
[support@powerworld.com](mailto:support@powerworld.com) – [www.powerworld.com](http://www.powerworld.com)

## **Day 1**

10:00	-	11:45	M2: LMP Markets and Optimal Power Flow (OPF)
11:45	-	12:00	Break
12:00	-	12:45	M3: Overview of Linear Programming
12:45	-	2:00	M5: Security Constrained Optimal Power Flow (SCOPF)

## **Day 2**

10:00	-	12:00	M4: Advanced Contingency Modeling
12:00	-	12:15	Break
12:15	-	2:00	M9: OPF Automation Examples

## **Day 3**

10:00	-	12:00	M8: Developing an LMP Analysis for a Multi-Area Case
12:00	-	12:15	Break
12:15	-	2:00	M8: Developing an LMP Analysis for a Multi-Area Case (continued)
